

Integrated Management System (IMS) Policy

Vision

To be the Leader in Sports Events & Facilities Management by 2020.

Mission

We promote Sports Culture through our state-of-the-art sports facilities, events and customer focused services in a safe and healthy environment.

Commitments

Aspire Logistics is committed to:

- ✚ Providing its shared and support services to the satisfaction of AZF Business Units
- ✚ Promoting sports culture through:
 - Managing state-of-the-art sports facilities of AZF Business Units
 - Attracting, developing and managing sports events for AZF Business Units
- ✚ Ensuring that quality, occupational health and safety and environmental safety requirements are met

To achieve our Vision, Mission and Commitments, we must:

- ✚ Establish, document, implement and maintain Integrated Management System at every level of the organization and conform with all applicable requirements of international standards i.e. ISO 9001:2015, ISO 14001:2015 and OHSAS 18001:2007;
- ✚ Achieve customer satisfaction, by conforming to customer requirements;
- ✚ Comply with all applicable legal and other requirements;
- ✚ Enhance customer satisfaction, by continually improving processes resulting into continual improvement of Integrated Management System;
- ✚ Maintain environment safe, by preventing air, noise, water pollution and land contamination;
- ✚ Maintain environment safe, by reducing waste generation and disposing waste as per legal as well as environmentally safe practices;
- ✚ Assure occupational health and safety of people, by preventing injuries and ill-health;
- ✚ Imbibe risk based thinking and strive to perform all activities risk free, at all levels of the organization;
- ✚ Utilize opportunities effectively towards overall growth of the organization;
- ✚ Develop competency of people at all levels of the organization to deliver best performance;
- ✚ Develop mutual beneficial relationships and establish necessary controls with all relevant external providers and receive best performances as per organizational as well as IMS requirements;
- ✚ Manage knowledge from all levels of the organization and transform into best implementation practices;
- ✚ Manage changes effectively without engaging risks arising from changes;
- ✚ Monitor, measure, analyse and evaluate IMS and Organizational performance at all levels;
- ✚ Review periodically, IMS Policy and Objectives to ensure continuing suitability.
